Mr. and Mrs. Adams I want you to know that I'm so sorry for your loss, she was my best friend and you allowed me to stay with you for sometime and treated me like family and I am very appreciative of that. Susie and I were very close but we lost track of each other. I'm shocked to her of her passing please know that she was a terrific person and a great friend to me I didn't know what had happened to her and if I knew I would of helped her if I could. She was a important person in my life at that time and so we're you. I always thought highly of her and you. I have nothing but good memories of all of you. I know this is not easy for you but I lost my sister similar to what you have been through with Sue. She is at peace now and may you have peace as well. I will miss her and never forget her please know that you raised her properly she was a beautiful person. I'm unable to come to her services due to work so I apologize in advance for not being there. Susie I love you and will miss you very much it pains me to know that you have left this world. You will be sadly missed by many people
